

Report on Participation of Botany Major Students in the Cultural Rally during College Week

Date: 04 April 2026

Venue: North Gauhati College

Department: Department of Botany

Event: Cultural Rally during College Week

The Department of Botany, North Gauhati College, actively participated in the Cultural Rally organized as part of the College Week celebrations on 04 April 2026. The Botany Major students participated enthusiastically in the rally, presenting a colourful and meaningful cultural theme that highlighted the rich diversity and spirit of unity of India.

The theme selected by the Department was “**বিভিন্নতাৰ মাজত ঐক্য – ভাৰতৰ উৎসৱৰ পৰিচয়**” (*Unity in Diversity – The National Festivals of India*). Through this theme, the students sought to portray the cultural richness of India and demonstrate how people belonging to different communities, religions and cultural traditions come together in harmony to celebrate various national and religious festivals.

The rally showcased representations of major festivals and National occasions, including **Republic Day, Independence Day, Holi, Durga Puja, Raksha Bandhan, Eid and Christmas**. Students presented these occasions through colourful traditional attire, creative displays, placards and symbolic representations. Each festival was depicted as an integral part of India's diverse cultural heritage, while the overall presentation conveyed the message of mutual respect, harmony, brotherhood and national integration.

The participation provided the students with an opportunity to express their creativity and cultural awareness beyond the classroom. It also encouraged teamwork, cooperation, leadership and a sense of belonging among the students. The enthusiastic participation of the Botany Major students reflected their commitment to the cultural and co-curricular activities of the college.

The Cultural Rally was a vibrant celebration of India's “**unity in diversity**”, and the Botany Department's presentation successfully communicated the message that despite differences in religion, traditions and celebrations, the people of India remain united as one nation. The participation of the students added colour, enthusiasm and meaningful cultural expression to the College Week celebrations.
