Editorial.....

The above letter preparation of the department of Geography, North Gauhati College, naturally recalls the activities and success that have already been achieved by the students and teachers. Thus recounting of student-teacher performance and achievements in different fields for newsletter seems to be a great challenge, as it reminds us about our future responsibility and accountability for the department as well as for the whole institution. This newsletter is an attempt to highlight various activities that have carried out by the department during the last few years. I would like to express my deep gratitude to the editorial board of the newsletter, the honorable Head of the department and all the faculty members who have immensely helped me in editing the newsletter by giving their valuable inputs and suggestions.

From the Head of Department's Desk

It was the day of 27th August 1989, that I joined the North Gauhati College as Lecturer in the department of Geography and started my journey as a teacher of Geography and still have been serving the department as well as the college under different capacities.

During that time student enrolment in the department as well as in the college was not quite good. Of course, very recently the student enrolment trend has been steadily increasing. The student performance, especially in our department is gradually rising. During last five to six years a sufficient number of students have got first class in the degree final examinations. Hence, this trend will be continued in coming years too as some new teachers with good academic achievement have joined the department recently. Considering the student enrolment and quality of teachers, the department is now approaching for opening Post Graduate Course in Geography and the official procedures are being under processed.

I hope the department will achieve more and more success in near future.
