PROFILE OF THE COLLEGE:

North Gauhati College was established in 1962 as a co-educational degree arts college to disseminate higher education in northern part of erstwhile Kamrup district, then a part of Darrang District with a mission to produce graduates in every household in Greater North Guwahati area. It is located in College Nagar amidst serene surrounding providing an ideal ambience for learning. It has efficient and qualified faculties in Arts and Science Streams, who are committed in giving their best for the academic growth of students. The teachers contribute in the growth and development of the bright and mediocre students as well. The College is getting ready for a facelift with the construction of a new well-furnished four-story building with all modern amenities, thereby aiming to fulfil the needs of the students.

Vision

The education system has undergone massive revamping in the recent times, concentrating more on learner-centric education. To keep pace with the changing times, North Gauhati College envisages in making education inclusive and dynamic in such a way that it caters to the diverse needs of the learners. It is the vision of the college to facilitate all round development of the students. In order to do so, the college places adequate focus not only on academic pursuits, but also on co-curricular activities and skill development. As per the NEP 2020, the role of the teacher in the classroom is not just to “teach” in the traditional sense of the term, but to “facilitate” education. The college endeavours to promote this ideal in their classrooms, with the teachers transforming into facilitators. Such an approach contributes in creating an environment where students can think with a creative, critical, logical and innovative mindset and prepare themselves for their future life challenges.

Mission

The College has embarked on a mission of making Higher Education accessible and affordable for the people of North Guwahati and its neighbouring areas. By providing quality education, skill-based education and vocational training to the youth, the college aims at fostering economic growth in the region. Besides enhancing its students' chances at employability, the college works with a mission of inducing inclusive social growth which entails aspects like making proper health care, women's empowerment, environmental sustainability and good governance achievable in North Guwahati and its adjacent areas. Not only does the college steer its students towards obtaining academic and professional degrees, but also stresses on all round development of students — physical, intellectual, moral and spiritual development. The mission of the college is aligned with the NEP- 2020 motto –Educate, Encourage and Enlighten.
